

Bulletin – Covid 19

ILEA¹ member companies will continue to carry out maintenance procedures on client lift² equipment during the Covid - 19 crisis.

Priority will be given to essential services.

During this period, member companies will be working within the Government / Health Service Executive guidelines as well as members own Health and Safety Policies.

ILEA member companies are doing all we can to do our work in the safest possible way and are grateful for the ongoing patience and understanding of our clients.

March 25th 2020.

For clarification or queries on action required, please contact your lift service provider.
